

The MCCC Connection

A Publication of The Metroplex Commodore Computer Club
September 1995

METCOM 95

Well gang, it's that time of year again. METCOM 95 will be happening on Saturday, September 30, from 10:00 AM until 5:00 PM at the Arlington Convention Center. Look for us in the northeast corner of the convention center in meeting rooms M6 and M8. As usual, admission is free — but be prepared to pay for parking.

DIRECTIONS & PARKING

The Arlington Convention Center is located at 1200 Ballpark Way in Arlington. From Dallas head west on I-30 and exit at Ballpark Way. Turn right at the stop sign at Ballpark Way. This will take you over I-30. The convention center is at the bottom of the hill on the right. From Fort Worth head east on I-30 to Nolan Ryan Expressway (exit 28B). At the traffic light turn left onto Copeland Road. At the next light turn right onto Convention Center Drive and then take another right onto Ballpark Way. The Arlington Convention Center is now charging for parking. Parking will cost \$4.00 per vehicle. You will pay as you enter the convention center, and there are no in/out privileges.

CLASSES

We will be offering six classes at METCOM in two classrooms. The classes and schedules are:

Time	Classroom A	Classroom B
10:30–12:00	InterNet	GEOS
1:00– 2:30	InterNet	ARexx
3:00– 4:00	BBS Tour	Graphics Workshop

The InterNet class will be offered twice during the show and is appropriate for both the 64/128 and Amiga platforms. We will have a telephone line and have access through one of the InterNet providers. So come see what surfing the World Wide Web is like. The BBS Tour will feature a live demo of our club's BBS and all of its different areas and is suitable for any computer platform. The GEOS class is, of course, for the 64/128 users. Our ARexx class is designed for the beginner who wants to learn about this wonderful Amiga language. Finally, the Graphics Workshop will cover digitizing, conversion between different picture formats, and some

basic manipulation techniques on the Amiga. The cost for any of the classes will be \$5 if you pre-register and \$10 at the day of the show. Look for a registration form in this newsletter and sign up now.

FLEA MARKET

We will be having the flea market as usual. So gather up your unused hardware and software and bring it to the next meeting or contact one of the following collectors:

Collector	Area	Phone Number
Eddie Corr	Plano	214-423-1947
Mark Stodola	Cedar Hill	214-299-6824
Ned Kelly	Arlington	817-277-5825
David Owens	North Fort Worth	817-577-2304
Brenda Sessums	Fort Worth	817-238-9891

OTHER ATTRACTIONS

We will be having door prize drawings at 12:00, 2:30, and 4:30. At this time the only confirmed dealer who will be there is Commodore Country, but we are hoping for several others as the show date grows closer. This is one of the only times when our entire software libraries are available, and both the 64/128 and Amiga libraries will be there. If you have any specific questions or problems, we plan to have some computers set up — so come see our resident gurus so and get a little one on one help. We will also be offering our special "thirteen month membership for the price of 12" deal. So mark Saturday, September 30, on your calendar, sign up for our classes, gather some money to spend at the flea market, and most importantly bring yourself for a good time at METCOM 95. ...Ned Kelly

As of this date, the following memberships
have expired in August

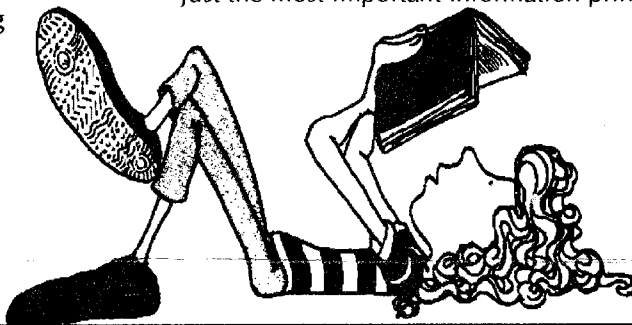

Tom Henning
Brenda & Michael Sessums
Jon South
John R. Srader
Robert Womble
Brent Wood

The following memberships are due to expire
at the end of September

Mark Dettmann
Tom Hayden III
David & Joanna Owens

Important Information

At the August Board of Directors Meeting, the decision was made to produce the full MCCC News only on alternate months. This is a cost-cutting measure adopted to adjust to the realities of our new, smaller membership. (We have lost approximately 100 members in the past year.) With Amigas once again being sold, the hope is that our membership will once again grow to a more reasonable size. When that begins to happen, and as soon as possible, we will return to a full monthly newsletter. In the meantime, you will be seeing this *MCCC Connection* on alternate months with just the most important information printed.
